

July 9th

There will be a hike involved, please bring the property gear for a couple miles of hiking, and a sack lunch.

9:00 breakfast snacks meet and greet

9:30 Introduction and brief history of Cedar Lake

First stop North end of Cedar Lake

We will talk about the management of Cedar Lake on both the Private and municipal side. We will look at the programs that are utilized to help manage the lake. We will hear about the recent work being done and future plans. Then we will take a look at the ecosystem to see how it was altered when the reservoir was made.

Boat launch lunch around 11/11:30

30 minutes

Second stop Peninsula

Here we will look at the NGOs that helped shape the lake and how they work in the region. We will look at the recent burn we had on the lake and how the Forest Service Managed their half of the lake

Return to boat launch

Final discussion
